EDUCATION

High School Diploma

Hartford Union High School | 2015-present

EXPERIENCE

SnakeMC

Developer | 2015

- Worked with talented developers and a prominent YouTuber (SnakeDoctor) to design many gamemodes and addon features to those gamemodes such as Factions, Creative Plots, and Kit PvP.
- Gained teamwork skills and actual field experience as opposed to working on private projects.

PotterworldMC LLC

Junior Developer | 2015

- Worked on smaller projects that the senior developers did not have time to do.
- Improved teamwork skills in a professional environment.
- Learned more about the professional workflow of larger servers and the programs they use to design and test great software.

Rowling's Realm (formerly Aurelia Network)

Head of Development | May 2017 - September 2017

January 2018 - Present

- Oversaw the development of network features for the former Aurelia Network, core server features, and the Magic system for Rowling's Realm.
- Delegated projects to and managed a team of talented developers in a professional, paid environment.

Astoria Network

Owner | September 2017 - January 2018

- Oversaw the development of features for both of Astoria Network's servers: Peculiar Realm and Marauder's Realm.
- Developed a Magic system for Marauder's Realm.
- Delegated projects to and managed a team of developers.
- Learned how the creation of Discord bots using the Java Discord API works.

SKILLS

Java Programming

Team Management

Web Development

Discord Management

Web Design

Web Administration
